

GERMANS CAN'T BREAK BRITISH-FRENCH LINES: RUSSIA PICKS UP

Russia's armies are continuing to show increased resistance in the area of the Austro-German offensive on the eastern front, while in the west the relentless British and French pressure is showing results by the further recession of the German line in Flanders.

An example of what seems to be the improved morale of the Russian forces on the Galician front is provided by Petrograd's report of the Teutonic attack on Brody, northeast of Lemberg, which has been in preparation several days. The assault started Thursday, resulting in heavy fighting as the dense masses of the Teutons swept forward but ending in what the Russian official report characterizes as complete failure. The Russian forces at that point still hold a strip of Galician territory.

Russians Come Back.

Teutonic attacks on that part of Rumania still remaining in the Entente possession now present three sides and advances for the offensive forces in the same sector are admitted. There appears to be no question of lack of determination in the Russian-Rumanian forces, however, and at some points the joint Entente armies are on the aggressive.

Thursday on the Russo-Rumanian frontier the Austro-German troops were forced to retire in places, leaving 400 of their men as prisoners and in one case were pushed back across the Putna river.

Field Marshal von Mackensen's offensive in southern Moldavia seems to be giving the Entente commanders the greatest concern at present as the highly important railway line of communication along the western Moldavian front is threatened by it. Apparently his drive is aimed at the railway junction at Pantzin, possession of which would cut off the branch railway which connects two lines of communication along that front.

The battle is being waged along the Suchitza river across which von Mackensen has forced his way to the west of the Fokfakni-Oena railway line. To the east of the railway the attacks are apparently less successful.

Fighting in Flanders.

The battle in Flanders, while not yet resumed along the whole front, is raging violently east of Ypres. The British gain in the Westhoek region in Friday's attack has been maintained in its entirety against six violent German counter attacks.

Berlin reports this fighting, characterizing it as an unsuccessful attempt along a front of only five miles and claim that it resulted in the ejection of the British from positions near Westhoek. French troops Friday night recaptured most of the ground taken the day previously by the Germans in the Saint Quentin region. They also recaptured an important trench that the Germans had recently won southeast of Ailles on the Aisne front and broke up a German attack on a two-mile front in the Carnillet region in Champagne. The German's managed to hold on to a 50-yard section of trench they had penetrated north of the Carnillet, but the other French lines were kept intact.

Henderson Resigns.

Arthur Henderson, British labor leader and member of the cabinet,

TWO KILLED IN THIS AUTO SMASH

Dallas, Aug. 11.—Two men were killed when an automobile turned over on the Fort Worth pike just east of Handley at 1:30 o'clock Saturday afternoon.

The car was driven by Martin Hart of Fort Worth, who was on his way to Dallas. Will Evans of Fort Worth was with him. In the accident Will Evans was instantly killed and Martin Hart so badly hurt he died a few minutes later.

The car was at a narrow place in the road when the accident happened. One of the rear wheels left the road and in an effort to right the machine Hart drove it clear across the roadway breaking the wheel and turning the machine upside down. Both men were trapped under the automobile.

Both dead men were taken to Arlington undertaking establishments.

HUMAN ARM BY EXPRESS TO A WOMAN

Lexington, N. C., Aug. 11.—A human arm was delivered here by express to Mrs. Walter E. Conrad yesterday under the label of "cabbage." To whom it belongs, and whether that person is alive or dead, remains unsolved today as telegrams to Mahonington, Pa., failed to locate Raymond Conrad, a son.

Fear that Conrad, an employee of a railroad, has met with foul play is expressed by the police. The "cabbage" was marked from "Merrier, Pa."

LA FOLLETTE FATHERS PEACE RESOLUTION

Washington, Aug. 11.—A peace resolution was introduced in the senate today by Senator LaFollette, providing that the United States define definitely the objects for which it shall continue to wage war, and the allies also make a public re-statement of the peace terms which they will demand.

Soon after Senator LaFollette of Wisconsin introduced his peace resolution today mimeographed copies bearing the name of the American Union Against Militarism were distributed in the press gallery. Senator LaFollette denied that the organization had any connection with the resolution, declaring he had prepared it on his own responsibility. He added, however, a copy had been furnished to a representative of the organization who requested one.

The resolution seeks to put congress on record as opposing support by the United States for annexations or indemnities for other nations and proposes the amassing of a common fund by all the belligerents for restoration of battle devastated territory.

Senator LaFollette made no speech on his resolution and there was no debate. On motion of Senator Williams it went over for a day under the rules.

has resigned from the ministry and his resignation has been accepted. His attitude at the labor conference Friday, which voted in favor of sending British delegates to the Socialist conference at Stockholm is said to have led to the resignation.

ANOTHER CASE OF SUB BARBARITY IS TOLD BY U. S. MEN

An Atlantic Port, Aug. 11.—Another instance of German submarine barbarity, such as resulted in the death of thirty-eight members of the crew of the Belgian Prince, was reported today by Captain John A. Johnson and twenty members of the crew of the American motor ship Carmela was sunk by a submarine July 24.

After being stopped by the submarine, Captain Johnson and the crew were ordered to row to the U-boat from their ship. They were ordered to board the submarine. The Carmela was looted and bombs exploded aboard her.

Smoke then was seen and, as a British destroyer appeared, the U-boat hastily submerged, leaving the Carmela's crew floundering in the water. The destroyer picked them up.

RUSS EMBASSY WILL RESTRICT U. S. EXPORTS

Washington, Aug. 11.—The Russian embassy will issue tomorrow orders to its consular agents restricting importations from the United States to Russia.

This step is an extension of the Russian government's restrictions on passports to Russians from the United States and closing the Russian frontiers.

SIMMONS SAYS TAXES MUST NEEDS BE HIGH

Washington, Aug. 11.—Nearly all the time of the Senate today was occupied by Senator Simmons, chairman of the finance committee, in completing his explanation begun yesterday of the changes made in the House war tax bill by the committee. It is expected that debate on the measure in the Senate will be resumed Monday at which time Senator LaFollette expects to introduce a minority report.

"I believe that this is a righteous war, made necessary by every consideration of national honor and safety," Senator Simmons said in speaking of the bill's heavy tax levies. "I know money is as essential to its successful prosecution as the army and navy and I believe that everyone should pay for its support according to his ability."

PACKAGES TO SOLDIERS PAY NO FRENCH DUTY

Washington, Aug. 11.—Packages from "home" for the American soldiers and sailors are to be passed by the French government duty free and without unnecessary charges for collection. The State Department received information to this effect from Ambassador Jusserand.

BLAME AN ENEMY PLOT FOR FIRE AT EXPLOSIVE PLANT

Gary, Ind., Aug. 11.—An enemy conspiracy is blamed for a fire that early today destroyed half the plant of the Aetna Explosives Company near here. Unconfined gun cotton suffered most of the damage.

Two men are under arrest and a third is sought. The plant was handling Government and allied contracts.

A guard of Indiana state troops recently was replaced by civilian police.

DRAFT LAW FOR NATION AND NOT THE INDIVIDUAL

Washington, Aug. 11.—Renewed emphasis was laid by Provost Marshal General Crowder today on the fact that Congress framed the army draft law in the interest of the nation and not in that of individuals. He advises the boards that the lines must be drawn tighter to meet claims of exemption. There has been much discussion of the exemption provision which is based on an erroneous view of the law. It is assumed, for instance, that married men would be exempted without question and that the burden of military duty would fall only on single men of the registrants among the nearly ten millions who were enrolled.

General Crowder takes the position in this recent ruling that married men are exempt only when it is to the interest of the government that they be excused from service. If the removal of the drafted man from his family circle would result in the family burden, it would be to the interest of the government to have that man in his civil occupation.

An interpretation of similar rigidity is now to be placed on exemptions claimed for industrial reasons. The government has taken the lead in scrutinizing closely individual cases of any of its employees before permitting them to ask for exemption. Bureau chiefs must file an affidavit with the proper board showing that the particular man is indispensable before he will be entitled to exemption.

THREE ARRESTS MADE IN DRAFT CONSPIRACY

New York, Aug. 11.—A third arrest was made late today in the alleged conspiracy to evade the operation of the draft law charged against Louis I. Chery and Dr. F. J. Bernfeld, members of the deposed exemption board, No. 99, when Kalman Gruher, a laboratory dentist, was taken to the United States attorney's office and later to the Tombs prison.

Chery and Dr. Bernfeld, who had been arrested earlier in the day on charge of conspiring against the operation of the draft law, also were sent to the Tombs after making unsuccessful attempts to secure bail. Gruher was arrested on a warrant similar to that served on Chery and Dr. Bernfeld. He had no connection with the board but admitted to the authorities that he had obtained a "supply of exemption blanks which he had handed out to various persons."

CUBA WILL TRY TO IMPORT LESS FOOD

New York, Aug. 11.—The Republic of Cuba News Bureau announced today that the matter of closer cooperation between Cuba and United States food administration officials would be discussed in Washington in the near future at a conference between Captain George Reno of the Cuban department of agriculture and Herbert C. Hoover, food administrator. Capt. Reno has been securing data on Cuba's ability to become less dependent on importations.

SECRETARY OF SOCIALIST PARTY UNDER ARREST

Chicago, Aug. 11.—Adolph Gerner, national secretary of the Socialist party, is in the custody of federal agents for alleged insolent reference to the recruiting service.

In his pockets were money order stubs showing the transmission of money to points in Germany, say the police. Two who attempted to interfere when he was arrested were also jailed.

DEPENDENCY DEFINED BY GOVT. AUTHORITY

The local selection boards for the army have all received from Washington, through the governor, the following instructions as to "dependency" as used in the regulations governing selection of men for the army. A careful reading of this will doubtless change the minds of many good people in regard to the use of the word, and also in respect to the fairness of its use by the people who have been called.

The bulletin is addressed to Local and District Boards of Texas, and says:

"Under Presidential Regulations, Section 20, Paragraph 'H,' the term 'Dependent for Support' has given rise to several further questions of principle, affecting large numbers of persons. The general basis for ruling upon such questions should be the spirit and purpose of the Act in providing for such discharges, where-over the terms of the Act and of the Regulations are not in themselves conclusive. The Act authorizes the President to discharge wherever the parties drafted are 'In a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable.' Such dependency ordinarily renders discharge advisable, because since the drafted person loses his civil income and thus loses his means of support, the wife is left without support, and this lack of support is the effect which the Act aims to avoid. But wherever such effect does not in fact follow, and the wife is not left without reasonable adequate support, but will receive such support from other sources, there is no real dependency rendering discharge advisable. The following classes of cases are within this ruling:

A. Wife and Children. (1) Where the parents or other relatives of the wife or the husband are able, ready, and willing to provide reasonably adequate support for her (and children, if any) during the absence of the husband. (2) Where the wife owns land which has produced income by the husband's labor, but which could with reasonable certainty be rented, during his absence, to other persons so as to produce an adequate support. (3) Where there exists some arrangement by which the salary or wage of the husband is continued, in whole or in part, by third persons, being employers or insurers or others, and such portion of the salary or wage, either alone or with an allotment of his soldier's pay or with other definite income, will furnish a reasonable adequate support.

B. Other Dependents. (1) Where in one of the foregoing ways a reasonably adequate support is provided for a widowed mother, infirm parents, orphan child under sixteen years (as enumerated in Section 20, Paragraph 'H,' 2, 3, 4, 5.) of a son, brother, or father called into service. Under Presidential Regulations, Section 23, Page 52, providing that "Any certificate of discharge may be withdrawn, modified, or renewed by the local board." The Board is authorized to reopen any claim for exemption already passed upon and still awaiting disposition in appeal to the District Board, for the purpose of receiving any affidavits or making other inquiries relative to dependency as defined in the present ruling; and the Local Board shall transmit to the District Board such affidavits and its own minute thereon for consideration on appeal. The foregoing rulings are calculated to carry out the spirit and terms of the Act, and to enable patriotic men to remain in the military service of their country, wherever the burden of support hitherto carried by them alone is in a position to be distributed for a time among others who are patriotically ready to make in this manner their contribution to military service by setting another man free to enter the army."

For the Governor:
HENRY HUTCHINGS,
The Adjutant General of Texas.

THE WEATHER
East and West Texas—Sunday and Monday, partly cloudy; showers and thunderstorms in north portion.

SUPREME COURT WILL PASS ON DRAFT LAW

Washington, Aug. 11.—A test of the constitutionality of the conscription law will come before the United States supreme court on or before Aug. 24, with the docketing of a case which probably will be called for trial at the court's fall term. The case comes on a writ of error from the district court of the Northern Ohio district, granted to Chas. Reuthenberg, recently socialist candidate for mayor of Cleveland; Alfred Wagenknecht, Ohio state secretary of the Socialist party and Charles Baker, Ohio state organizer for the same party, convicted of conspiring to induce persons subject to the draft to evade the requirements of the law and sentenced to one year in the Canton, Ohio, workhouse.

GERMANS INCITE OPPOSITION TO LAW

Jacksonville, Fla., Aug. 11.—Much of the opposition to the selective draft law being stirred up in United States is the work of German propagandists and vigorous means should be employed to curb the activity of the enemy in this respect declared Senator Chamberlain, chairman of the Senate committee on military affairs in an address here today before the lawyers of Florida and citizens of Jacksonville.

Mr. Chamberlain defended the right and authority of Congress to enact legislation providing for the selective draft. He pointed out that George Washington wrote time after time to the Continental Congress urging the necessity for the draft and telling of opportunities lost because of an inadequate army.

SUFFS MUSED IN EFFORT TO USE THEIR BANNERS

Washington, Aug. 11.—Two more attempts of Woman's Party pickets to flaunt banners addressed to "Kaiser Wilson" at the White House met with disastrous results today.

No sooner had a crowd of government employees torn down the first one, carried by Elizabeth Stuyvesant of New York, than Mrs. Madeline Watson of Chicago and Miss Lucy Burns marched out with another.

This, too, was ripped away, after a lively scuffle between the crowd leaders and Miss Burns, whose hair and apparel were badly mussed.

LARGE BAIL FIXED IN OKLAHOMA CASE

Ardmore, Okla., Aug. 11.—Steve Talkington, who faces a trial for murder on Nov. 25 for the killing of Mike Miller at Wirt, Okla., an oil town near here, today was admitted to bail in the sum of \$20,000, the largest bond ever executed in the criminal courts of this county.

OLDEST ODD FELLOW DEAD IN NEW YORK

Auburn, N. Y., Aug. 11.—William Lamey, said to be the oldest Odd Fellow in the world, with a continuous membership of 73 years, died today at his home here in his 101st year.

EACH SCHOOL PUPIL GETS \$7.50, OR 50c MORE THAN IN 1916

Austin, Aug. 11.—Every pupil in Texas will get \$7.50 for the year 1917-18. The State Board of Education fixed the new per capita apportionment at a called session yesterday.

The apportionment is made on the basis of 1,274,918 children of scholastic age 7 to 17 years, and represents a 50-cent increase over that of last year.

RUFUS COATES GIVEN DEATH PENALTY FOR MURDER OF ZELLA FAULK

Fort Worth, Tex., Aug. 11.—Rufus Coates, 18 years of age, was given the death penalty this morning by a jury for the murder of his young sweetheart, Zella Faulk, here, on June 3. Coates readily admitted his guilt, giving the details in full in a written confession. Insanity was the defense. The trial lasted a week. Coates escaped the day after the killing, using money he took from the slain girl to pay his railroad fare. He was caught in Portland, Ore., where he had joined the Industrial Workers of the World.

BUILDING TOPPLES INTO EXCAVATION

Harrisburg, Pa., Aug. 1.—With but a moment's notice, a three-story office building adjoining a twenty-foot deep excavation for the new million-dollar Penn-Harris Hotel, this afternoon dropped into the great hole.

Five persons were injured and two others known to have been in the building are missing.

The accident is believed to be due to recent heavy rains, undermining the foundation of the building.

BOTH COULDN'T GO SO COIN DECIDED

Tulsa, Okla., Aug. 11.—Harry E. Crosby and Claude Crosby, twin brothers, came before the Tulsa county exemption board today. Both were physically fit and both expressed anxiety to go to the front, but they had an aged and infirm mother dependent on them and one had to stay behind.

After some discussion of the problem Claude drew a coin from his pocket and said to his brother, "Heads or tails?"

"Tails," Harry replied.

The coin was flipped and "tails" appeared. Claude then filed his exemption claim after congratulating his brother on his luck in winning the chance to go to the front.

MR. TAFT BETTER REPORT LAST NIGHT

Clay Center, Kan., Aug. 11.—William Howard Taft's condition tonight was reported "very favorable" by his attending physician, Dr. Morgan. Mr. Taft was taken ill here Tuesday with an attack of acute intestinal indigestion and his illness necessitated cancellation of his speaking dates for a tour in which he was engaged.

COTTON PICKERS OFFERED FOR TEXAS FARMS

Austin, Tex., Aug. 11.—A telegram was received today by T. S. Jennings, Farm Specialist of the Texas Labor Department, from W. J. Spillman, chief of division farm management, United States Department of Agriculture, advising that if action is taken within one week the Government can obtain 30,000 cotton pickers for Texas from Porto Rico, the pickers to receive \$1.50 per hundred pounds.

Answer was made by Mr. Jennings that on account of the long-continued drouth in South, Central and West Texas importation of cotton pickers would not be necessary.

CALLED FOR SERVICE IN SECOND DISTRICT

Local selection board for the second district, Lamar county, in compliance with instructions of the Provost Marshal General, furnishes The News with the following list of persons, 90 in number, who have been duly and legally called for military service of the United States and who have not been exempted or discharged.

The names are printed in the order of drawing.

Gil Pirtle, Brookston.
W. T. Stratton, High.
Delbert Chiles Honey Grove RFD.
C. W. Hudson, Biardstown.
Andrew Morgan, Howland.
Andrew Jackson, Petty.
Grady McHam, Blossom.
Archie Howard, Paris R. F. D.
C. G. Graves, Howland.
H. L. Martin, High.
Henry Greer, Roxton.
J. H. Williams, Petty.
Sam Deadman, Honey Grove RFD.
O. W. Robinson, Biardstown.
Robert Boren, Biardstown.
P. G. England, Blossom.
C. H. Nobles, Deport.
Albert Williams, Petty.
Alvah Autrey, Blossom.
Lee Black, Cunningham.
Nathan Reed, Medill.
Jesse G. Winn, Roxton.
Carl V. Gibson, Medill.
Floyd H. Phillips, Deport.
Wm. J. Roberts, Biardstown.
Felix J. Stalls, Deport.
Herbert Hume, Deport.
Will Jones, Howland.
Luther Holt, Pattonville.
Clarence Rhodes, Howland.
Ernest T. Maynard, Roxton.
Marshall Dickson, Medill.
Alvin Jones, Howland.
Aud Hancock, Roxton.
Charley Price, Petty.
J. T. White, Blossom.
Chas. Friday, Blossom.
Luther White, Biardstown.
John H. White, Biardstown.
Robert C. Rose, Rt. 6.
Phil A. Wright, Deport.
Elmore Rike, Powderly.
Jesse Allsup, Brookston.
Trox Harmon, Biardstown.
Sonny Lee, Roxton.
A. T. Patterson, Blossom.
Geo. Young, High.
Jim L. Patterson, High.
Ezra P. Basham, Powderly.
Edgar Jones, Deport.
Luther Hill, Roxton.
Henry Coleman, Rt. 5.
Leslie Rooks, Rt. 6.
L. K. Johnson, Rt. 6.
Henry Battle, Powderly.

SEND PROTEST TO CONGRESSWOMAN ABOUT SOLDIERS

Butte, Mont., Aug. 11.—Telegraphic protests against stationing soldiers on the highways to guard mines today were sent to Miss Jeanette Rankin, congresswoman, by striking miners.

Officers in command declared the soldiers were to be used for permanent police protection, owing to the need of copper for munitions.

VESTRYMEN ASK RECTOR TO QUIT: HE COMPLIES

Dallas, Aug. 11.—Vestrymen of Christ Church, Episcopal, of Oak Cliff, have asked for the resignation of their rector, Rev. Lee W. Heaton. It has been tendered to the vestry effective October 1.

Dr. Lee W. Heaton stated Saturday morning that the vestry had asked him to resign on account of his philanthropic and social service work, to which they objected. They first asked him to discontinue his activities along this line. Dr. Heaton refused to discontinue his work, and his resignation was offered and accepted.

Dr. Heaton has been rector of Christ Church for the past three or four years. He has been active in social service and juvenile work during his pastorate here. He has preached sermons on Sunday afternoons in moving picture shows and has championed the cause of Sunday shows in Dallas, declaring that working people needed healthy and harmless recreation on their one day of rest.

Recently Dr. Heaton, who thought the same way as Mayor Lawther and the city commissioners, preached a sermon declaring that a local option election during war time would be harmful to Dallas. Dr. Heaton stated Saturday that he had made no plans for future work after relinquishing his pastorate. He may become an army chaplain.

Dr. Heaton, among his activities, was much interested in anti-tuberculosis work, and helped in establishing a camp for children near Bachman's dam.

Old reliable Peacemaker Flour is back on the market.

Pete Humphries Co.

One lot children's summer hats, choice 50 cents Monday and Tuesday.
Ragsdale's.

FOOD CONTROL IS FOR PUBLIC BENEFIT

Washington, Aug. 11.—Measures to control the sale and transportation of flour and wheat under the food control law will be announced next week by the food administrator. Bread stuffs, it was said today, would be the first food over which the government would take supervision. Meat and dairy products will next be taken up. The regulation of food production will be taken up by the commission as fast as plans are made by the administrator.

It is purposed to improve economical conditions through co-operation with individuals and no attempt will be made to enforce drastic regulations unless the co-operative plan fails. The administrator is preparing a plan to obtain a statement of the food supply both in United States and abroad and hopes to be able to impress the people with the necessity for carrying out his plans.

SUB AND EXCURSION STEAMER COLLIDE

Boston, Mass., Aug. 11.—A United States submarine collided with the excursion steamer, "Mayflower" in Boston harbor during a thick fog late today. Navy yard officials said the damage to the submarine was slight, but the excursion boat had a hole stove in her port side near the paddlebox. One seaman on the steamer suffered a broken leg.

The 1500 passengers on the steamer were transferred to the steamer "Rose Standish" and were brought to this city.

STRIKE BREAKERS NOT ALLOWED TO REMAIN

Kansas City, Mo., Aug. 11.—With hands held high above their heads and surrounded on all sides by a cordon of strikers, men imported to help settle the tieup of the street car lines here were marched to the union station tonight. Representatives of the strikers declared their intention to send the strike breakers out of town. Their passage through the city was made amid wild cheering but there was no other disturbance.

25 cents for choice of one lot children's summer hats Monday and Tuesday at Ragsdale's.

GERMANS WILL KILL CATTLE TO SAVE FODDER

Copenhagen, Aug. 11.—Representatives of the German farming interests and the war food bureau at a recent meeting in Berlin decided that the shortage of fodder necessitated drastic slaughtering of cattle this summer and autumn.

The measure was recognized as dangerous to meat rations this winter and in 1918, to the future of the livestock industry and the supply of manure, but the hopes of the farmers, it was said, were set on an early peace.

KNOW YOUR NEIGHBORS

Know your neighborhood is the slogan of the clean up campaign the Ne wParis Civic League launched at its last meeting. The city provides only one clean up day a year and what to do with the refuse that collects after that one day and the garbage for which there is no provision whatever, collects every day, is a most important question, regarding cleanliness and health, and should be of vital interest to each housewife.

Until the city can provide a way to take care of this refuse regularly, the Civic League will undertake to do what it can, but the success of this undertaking will depend on the co-operation of every housewife in Paris.

Is there one of you who would not like to live in a clean, healthful neighborhood where there are no flies and no mosquitoes? Every neighborhood in Paris can be that kind if you will do your part, work in harmony and give these questions a little time, thought and care.

To start this work, the League has blocked the city off into eighteen "neighboring units" or "neighboring units" who will in turn appoint as many assistants as she thinks necessary in her section. Each assistant will then be asked to call a meeting of all the housewives in her immediate neighborhood, to discuss the following questions: Are there more, or less, flies in the neighborhood than usual? Why? Just as the weather vane indicates the direction of the wind, so do flies in the neighborhood indicate the presence of filth. Flies cannot exist where absolute cleanliness prevails. What is done with the garbage in the neighborhood? What becomes of the tin cans, bottles and rubbish? Is there any stagnant water? Any weeds or mosquito breeding places? Are there chickens, cows or stock of any kind? What disposition is made of all this refuse? Would it pay you to have a man collect regularly all garbage, ashes and rubbish for a small sum from each household? Or what is the best and most practical plan to rid your neighborhood of this nuisance of refuse?

These neighborhood meetings are not to find out how dirty or how clean you keep your home, but you will be asked to come to them, to receive and to give helpfulness and suggestions, and even if the day is warm that your meeting is called, and you may have to make a sacrifice to do it, will you not aid the other women of your town, who have given up so much of their time, and attend this one meeting, that we may get busy before any dread mistake appears. If through some mistake your neighborhood has not been asked to call a meeting, will you call it, and discuss ways and means to solve these problems?

If you want to help more in this work, telephone Mrs. S. B. M. Long at once, or join the Civic League so that we may be free to call upon you.

We want Paris first to be clean and it is only through the efforts of YOU that it can be made so. Will you do your bit and do it now?
The Civic League.

W. T. Walker will leave this afternoon for San Antonio to join the aviation section of the army.

HENDERSON RESIGNS: LLOYD-GEORGE AP- POINTED TO POSITION

London, August 11.—The Pall Mall Gazette says it understands that Arthur Henderson, the labor member of the British War Council who yesterday addressed the British labor conference and advised sending of a British delegates to the Stockholm Consultative Conference. He has tendered his resignation and that Premier Lord George has accepted it.

Church Notes

First Baptist church, tabernacle on South 22d street. Sunday school and preaching services at the usual hours. Everyone welcome.

First Church of Christ, Scientist, No. 18 Clarksville street, upstairs in the Long building. Lesson sermon Sunday at 11 a. m. Subject for today: "Spirit." Testimonial meeting Wednesday at 8 p. m. Reading room open daily from 12 m. to 5 p. m., except Sunday.

First Presbyterian Church
The Paris Battery will worship with us at the morning service. We extend to these young men a most cordial welcome.

Sunday school at 9:30 a. m., J. P. Paisley, Supt. Preaching at 11 a. m., subject: "The Measure of a Man." Christian Endeavor 7 p. m. Preaching at 8 p. m., subject: "Paul, the Hero of the Cross." Prayer meeting Wednesday 8 p. m., subject: "Jesus and His Apostle Andrew." Let everything that hath breath praise the Lord.

Come and praise the Lord with us.
B. E. Wallace, Pastor.

THE BRAZEN ALTAR OF THE JEWISH TABERNACLE

This will be the subject of Rev. Louis T. Talbot's lecture Sunday morning at the Congregational church. A special chart of this altar has been made for the purpose of showing how each detail of it speaks of the work of Christ. You can't afford to miss this study. Please bring your bible with you.

Evangelistic service at 8 p. m. subject, "Excuses." The electric fans insure comfort.

SERMONS OF THE WAR SITUATION

Two sermons on the war situation will be preached today by Rev. R. P. Shuler. In the morning he will preach at the Centenary Methodist Church on "Can This War Be Won With Cards, Dances and Vaudeville?" At night he will preach at the Lamar Ave Methodist Church on "The Slacker." The two Methodist congregations will unite.

RESULTS OF BALL GAMES YESTERDAY

The union tent meeting, corner N. 23rd and Booth streets, is growing in interest. One hundred additions have been made to the different churches. The evangelist, Rev. H. R. Wilson, will lecture to men and boys at 4 p. m. today. Subject: "Present Day Evils and their Solutions." Fathers, come and bring your boys. The meeting will be continued next week. C. H. Hampton, S. A. Brackeen, E. H. Hilson.—Reported.

MAY SECURE AIR MACHINES FOR FAIR

President Caldwell of the Lamar County Fair Association is in receipt of encouraging advices from Washington on securing regular United States army airplanes for appearance at the fair next month and while assurance has almost been granted for the visit of one or more of these modern war machines, the fair association is withholding the announcement until the official word is received making sure of their coming.

It is the announced policy of the War department to give exhibition maneuvers in as many places as possible before the planes depart for the war zone and it is to be hoped that the officials of the fair will be successful in adding this important attraction of the hour to their already magnificent program for the 1917 fair.

PARIS PEOPLE ARE EXPECTED TO ATTEND

From the number of inquiries received at the Chamber of Commerce wanting to know approximately the number of Parisians that will attend the Lake to Coast Scenic Highway meeting at Tallihna, Oklahoma, next week, it is very evident that the people from other points along the line are expecting Paris to take the lead in the number in attendance as well as fostering the project that has attracted so much attention in high-

way circles on the national map since July 4th.

Arrangements have been practically completed for several hundred people at the summit of Winding Stair mountain next Thursday and Friday and those who miss this rare vacation outing will miss one of the most pleasant outings of their lives and in order that this unfortunate circumstance might be avoided you should phone the Chamber of Commerce and list your name for accommodations as one of the Paris party. Every citizen is invited to be at the station Thursday morning at 6 o'clock, which is the leaving time of the Frisco special train.

CAPT J. O. PIRTLE ORDERED TO FORT WORTH

Capt. Pirtle received notice Saturday afternoon from the Adjutant General's Department to report for duty in Fort Worth Monday morning. Capt Pirtle is the manager of the Hudson-Diva Co., rsto oYashhhh the Hudson-Davis Co. store here. He has had his appointment of Captain of the Quarter Masters corps for about 40 days, and was subject to immediate call.

Old reliable Peacemaker Flour is back on the market.

THE PAY ROLL

The weekly and monthly payrolls made up in Paris banks alone, not counting the wealth of payrolls all over Lamar county, total thousands of dollars—a vast amount of wealth put into circulation.

These thousands of dollars, in turn, are used to pay rent, to buy food, to buy clothing, for entertainment and for the thousand and one things which can be bought to the very best advantage in Paris.

Opportunity is knocking NOW. Paris firms are going after your trade with the idea of true service, every possible need that you can name is best supplied in Paris—and at the most favorable terms and prices.

This week you are going to be buying things—the business firms of Paris bid you welcome, and offer for your inspection, a variety of stocks, quality, service and prices that you cannot better anywhere.

This Is Your National Market Place

If Lamar county prospers, you are sure to prosper in the same proportion. Do what you can to build up the home institutions. And for universal satisfaction.

CHANDLER SIX

**Do You Know Why More People This Year
Are Buying The Chandler Six Than Are
Buying Any Other High-Grade Car?**

**Do You Know Why in Four Years' Time The Chandler Has
Passed and Left Behind, One by One, a Long
Line of Other Well Known Cars?**

There are perhaps several reasons, all of which would appear very clearly if you had the opportunity or took the time to analyze the history and business policies of the automobile industry. But there is one big basic reason which to you as a motorist is the essential reason, and that one reason is this—that ever since the first Chandler car was designed and built and marketed four years ago last month, the Chandler has offered the finest of design, construction and equipment at the lowest possible price. The Chandler today offers this excess of value, this dependability of service, just as distinctly as at any time in the four years past.

It took some little time, of course, for a great part of the motoring world to pin its confidence to this newcomer. Men recognized, indeed the whole trade recognized, that a new type of car which must make large appeal had come into the market. The trade knew that it was the product of men who knew motor building and general motor car design and who were experienced in the best manufacturing practices.

Still—and remember this was more than four years ago—the trade said a newcomer could not win out.

Nevertheless, there were a few hundred Chandler cars manufactured and sold in those months of the summer and fall of Nineteen-Thirteen.

And how distinctly the Chandler

has won its place in the very front rank of fine motor cars is reflected in the Chandler sales records of Nineteen-Fourteen, Fifteen, Sixteen and Seventeen.

Month by month and season after season thruout these four years the Chandler has moved forward and forward, until today its leadership could hardly be questioned.

Your own observation of high-grade cars in service in almost any market in America would show you clearly how surely the Chandler has come into leadership.

This leadership has been built on the Right Car at the Right Price.

Back in 1914 men were very generally inclined to recognize that the Chandler was the right car at the right price and about two thousand of them had the courage to make sure of their convictions.

Those two thousand won thousands more to their convictions, so that in the year following nearly seven thousand men chose the Chandler for their car.

And the car went on making friends by its performance in the hands of these owners.

The whole country marveled at this wonderful motor, at its power, its flexibility, its life and get-away, and its endurance. The whole Chandler chassis came to be recognized as a great mechanism.

So last year, 1916, it was hardly surprising to those who really knew the Chandler that more than thirteen thousand motorists chose this

car for their car, more than twice as many as had chosen it the year before.

And now comes 1917, a year of some stress for all trades, a year above all years when the real worth in merchandise counts most. And what is the motoring public's answer in its discussion of high-grade cars? What is its answer in discussion of Sixes most particularly?

From coast to coast so far as our available records show, the Chandler is preferred above all other medium-priced cars, above all other high-grade cars.

Our own sales records show an increase of better than 55% in the first six months of this year as compared with the first six months of last year.

Records of registration of new cars, although available in only a few typical sections of the United States, indicate a tremendous public preference for the Chandler over all other cars in its field, in some instances as much as a two-to-one preference.

We realize that in some isolated instances, because of peculiar trade conditions, some other car may lead, but in the great markets where men have the choice of all makes of cars, where every kind and type of car is represented, sold and owned, motorists indicate their preference for the Chandler, and prove their confidence in the Chandler, by choosing the Chandler.

Chandler leads because, starting

with the right type of car, the Chandler Company has stood firmly by this type of car. It has continued to develop this car thruout these four years until today it approximates perfection in construction and performance.

We cannot convey to you in the printed page any full conception of the superiority of the Chandler motor, but any one of nearly forty thousand Chandler owners could put you alongside him at the wheel and show you Chandler superiority.

We would be more than pleased to show you this superiority; we would be more than pleased to make clear to you the excellence of the Chandler car in all its details.

We would like to show to you what it means in satisfactory road performance that the Chandler motor is equipped with Bosch High Tension Magneto as is the Pierce-Arrow, Marmon, Locomobile, Winton, White, Stutz and the Mercer; what it means to you that the Chandler car is built with a big solid cast aluminum crank case extending from frame to frame and giving absolute rigidity to the motor mounting; that it is equipped with silent chains for driving the motor shafts and with annular ball bearings in transmission and differential and rear wheels.

We would like to show you what these items of design and equipment and many others, typical of the highest priced high-grade cars, mean to Chandler performance.

CHANDLER MOTOR CAR COMPANY, Cleveland, Ohio

Foster's Weather

Washington, D. C., Aug. 11.—Last bulletin gave forecasts of disturbance to cross continent August 10 to 14, warm wave 9 to 13, cool wave 13 to 17. This will be rather quiet in and west of Rockies but it will increase in force and importance as it progresses eastward. It will be a great and dangerous storm out on the Atlantic from 18 to 21 and will probably reach Europe about August 23 or 24. The week centering on August 18 will not be a good time to go boat riding. We see no particular good that storm can do except to stir and purify the atmosphere. It does not promise rain where rain is needed, but does promise rain in Canada, where not needed.

Next warm wave will reach Vancouver about August 17 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of August 18, plains sections 19, meridian 90, great lakes and Ohio valleys 20, eastern sections 21, reaching vicinity of Newfoundland near August 22. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave.

This will be the most important storm of August. It will develop a dangerous transcontinental storm on this continent and a tropical hurricane in the Caribbean sea and Gulf of Mexico. It will lay the foundations for a great change of weather that will be of great importance to 1918 crops. It will cause unwelcome rains in Canada and push storms through Canada that will suck the moisture out of the soil where a great and much needed corn crop has been expected.

Look out for that tropical hurricane. It will probably organize near August 18 and the U. S. Weather Bureau will pick it up and keep us informed about it a little later. We can do little in locating these hurricanes, but believe it will organize near the Windward Islands on August 18 or 19 and move toward Yucatan, which it should reach by Aug. 23 reaching northern Gulf coast about August 25. We are not confident that this will be its path, but we are slowly learning more and more about these cyclones of the sea.

These storms on land and sea promise harm and little good as an immediate result, but they are full of good promise for September and for many months after. We will have much to say hereafter about the crop-weather of which these greater storms will be the forerunners. We have already told you of one result a good grass crop for 1918 in the timothy sections, the most valuable grass crop this country will ever have produced. These great storms will lay the foundations for that coming result.

Our September forecasts will be published August 25. Farmers should have that information earlier, but the monopoly that is under the control of orthodox science stands in the way. Scientific men who never made a discovery get control of scientific propaganda and permit no new idea to come to the front except through their manipulations and to their own personal benefits. Those who make discoveries usually start without means and have a hard pull of it. Only once in a hundred years does some great genius arise who makes a great discovery and is able to break up the science monopoly.

WIFE MADE STATEMENT
CONCERNING KILLING

The Texarkana Four States has the following in regard to the killing a week ago last night of Buron Freeman, a farmer on the river, mention of which has been made in this paper:

"It is claimed that about four months ago Mrs. Freeman quit her husband and went to a neighboring widower and got a job as housekeeper, taking with her her four children, ranging in age from four to eleven years. About two weeks ago Mr. Freeman came and got the children. A day or two after he had taken the children, Mrs. Freeman returned to her home, and it was rumored that they had reconciled.

"But in her statement late yesterday afternoon Mrs. Freeman said no reconciliation had been made, and that she was meeting the man she formerly worked for nearly every night. It was when she went to meet this man last Saturday night that

Freeman was killed. She claimed that she had started out to meet this man about 9:20 o'clock and that Freeman attempted to stop her. He followed her to the back gate trying to persuade her not to go, after seeing that she was going on he grabbed her hand and attempted to take her back into the house. She said that as Freeman caught hold of her the man shot him in the stomach with a load of buckshot.

"Immediately after the shooting occurred several neighbors rushed to the scene of the killing. One of the witnesses yesterday morning testified that upon his arrival at the home, he found Mrs. Freeman sitting on the front porch, rocking as if though nothing had happened.

"Constable T. J. Watlington was notified of the killing about 11 o'clock Saturday night, making the trip by automobile, and arrived there about 1 o'clock Sunday morning. He spent the earlier part of the morning in search of the man who is alleged to have done the killing. But not finding him, he brought Mrs. Freeman back under arrest.

LEFT BLOOD STAINS
IN THE COURTROOM

While a legal matter was up for settlement yesterday morning in Justice of the Peace Jay Hall's courtroom there was a sensational little occurrence in the presence of the officers. A plaintiff in a suit for debt had instituted garnishment proceedings against third persons who were understood to be indebted to the man which he had sued and he sought to secure the payment of the money to himself in satisfaction of his claim. One of the men who had been garnished didn't think he ought to have been brought into the suit, and during the passage of words he attacked the man who had garnished him, striking him several blows in his face and causing him to bleed profusely before Constable Ed Bell could interfere. Bloody stains were left on the floor of the courtroom.

HANGING BASKETS

Made of coppered wire, large size, make excellent decorations for the porch or window, in the Basement, 15c and 25c.

The Golden Mean

GRANT SIX \$875

THE GRANT SIX is a good example of the golden mean in motor car designing. In size, for instance, it is neither so big that it dwarfs its occupants, nor so small that it lacks dignity.

In weight the GRANT SIX is neither unduly light nor unnecessarily heavy. Probably no other car has more successfully achieved strength and sturdiness without an ounce of superfluous material.

GRANT SIX has power beyond what is ordinarily considered ample

for a car of its size—yet not more than one or two of the very smallest cars surpass it in economy and no car of its class does so. GRANT SIX owners average 20 miles to a gallon of gasoline, and 900 miles to a gallon of oil.

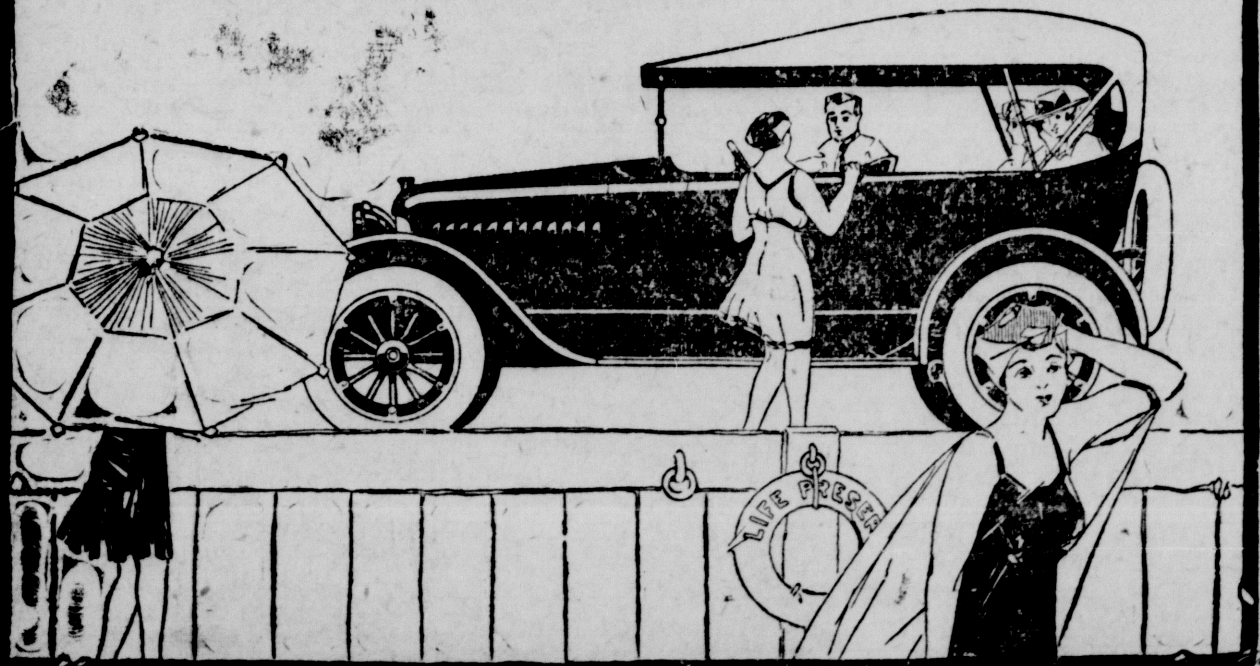

The GRANT SIX at \$875 combines size, beauty, comfort, power, economy and proved dependability. No other car at near its price gives so much—and even at much higher prices you will not find in any one car all of the desirable features you get in the GRANT SIX.

ADJUSTING VERSUS "TREATING"

Treating disease is like doctoring a cat's mouth for the yell while someone steps on its tail.

The cat can be drugged and while the drug lasts there will be little or no disease. But when the effect of the drug wears off the trouble returns—because the cause remains.

CHIROPRACTIC ADJUSTINGS

remove the cause of disease. There can never be permanent relief or health til the cause of disease is removed.

This explains why people are "cured" with drugs or operations—and suffer with exactly the same thing afterward. A disease can never be "cured" or "healed" while the cause of that disease remains in the system.

Chiropractic is just as sensible as this reads; just as good as it sounds. There's a cause for your ailment. Chiropractic will remove it.

WE BUILT THE QUALITY INTO THE CHALMERS CHASSIS AND THEN ENDOWED IT WITH THE TEN MOST BEAUTIFUL BODY CREATIONS THAT EVER BORE THE CHALMERS NAME—BUILT FOR THE AUTUMN AND WINTER TRADE; AND WITH PRICES THAT STARTLE

There is a 5-passenger Chalmers that has under its bonnet a gem of an engine.

A sporty Duplex that seats 4; a 7-passenger that is just about all any one can ask for in a touring car; a Cabriolet that is rain proof, sun proof and storm proof; a Sedan that handles easily in city traffic or country turnpike; a Town Car that stops one for the second look; a Limousine that is not only sedate but cozy; a Town Car Landaulet that surpasses anything that ever rolled into this town; a Limousine Landaulet that captures those who go in for the thoroughly practical equipage; and a Roadster that compels admiration alike from those who prefer speed or those who prefer beauty.

But this is not meant to be a catalog. It is simply a word to you to come and take a look, and if you want a little ride, and should the spirit move you we can have your monogram, or your wife's monogram, on the doors in quick time.

At any rate—just to be posted on motor cars—come and see how close Chalmers has come to building that car you have so often said some one some day surely would.

Local News

A good many members of Paris Battery who live out of town were granted furlough yesterday to spend Sunday with home folks.

Two carloads of horses and one car of mules arrived in Paris yesterday from Martin county, which is in the drought-stricken country, to put them on grass in order that they may not perish.

Officer Luther Whitten had a call to West Paris yesterday afternoon to kill a buldog.

A visitor from Edgewood, Ok., last night stated that there was a fine rain there yesterday, which made an abundance of stock water. It didn't rain there Friday.

A few non-contested divorce cases were disposed of in the district court yesterday.

Harvey George, the son of W. G. George, who has been employed at Noyes & Huber's jewelry store on the south side of the plaza over two years, recently resigned his position and enlisted in Company F, First Texas Artillery. As a testimonial to his patriotism and as a mark of his personal esteem for the young man, Guy S. Caldwell, proprietor of the store, presented him with a handsome wrist watch with a n illuminated dial, and with his name and the name of the battery engraved on it.

A young man from Fannin county applied for a marriage license yesterday, but as he did not have anybody to make affidavit that the young lady was of age the clerk declined to issue it.

Marriage licenses were issued yesterday to John Smith and Miss Lula Green, John R. Wells and Miss Mary Newsom, J. M. Green and Miss Minnie Doty, G. W. Duke and Miss Myrtle Aubrey, Wm. Coffey and Miss Coplan Merritt.

The man who was arrested Friday afternoon by Constable Ed Bell near the postoffice on the charge of theft of money from a cripple, waived preliminary examination before Justice of the Peace Jay Hall yesterday and his bond was placed at \$500.

There was a colored wedding at the county clerk's office yesterday, and the ceremony was performed by a negro preacher who is porter at one of the banks.

An election was held in the Marvin school district yesterday to determine whether a special tax of twenty-five cents should be levied to supplement the state apportionment. There has never been a special tax levied in the district, but the school has grown too large for just one teacher to be employed and it became necessary to vote a special tax to pay the additional teacher. The election carried almost without any opposition.

J. O. Fittle, who recently stood a successful examination and received the rank of captain in the quartermaster's department, received a telegram yesterday to report at Fort Worth at once, and will leave Monday. His uniform has already arrived and he makes a real military appearance in it.

Mr. and Mrs. Frank Murphy moved yesterday afternoon into their attractive little stucco bungalow on Bonham street, which is different from anything in Paris.

A resident of Paris who returned yesterday from a trip to Oklahoma, said that he saw some of the men who had been arrested and were being taken to the penitentiary in connection with the antidraft disturbance. He said that most of them were men who looked like they had lived all their lives in the brush, and that their ignorance was really pitiful. The old men said they had been deceived by the leaders and didn't know what they were getting into.

Dr. A. A. Hamblin and W. T. Christian and their families returned yesterday from Arthur City, where they spent a few days outing on the river. They stayed in tents and were rained on while there, but had an abundance of fish and enjoyed the trip very much. The rain drove them back home sooner than they had expected to return.

It was reported last night that W. L. Burdett, Esq., a prominent citizen of Paris, was critically ill and that little hope was held out for his recovery. This will be sorrowful news to a host of friends.

H. M. Womack and family, of State Shoals and Miss Johnnie Holt have gone to the mountains in Oklahoma to enjoy camp life a few weeks. Information has been received.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by P. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. P. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Hall's Family Pills for constipation.

from the Leon Springs training camp that the following Paris boys are among the number who will receive commissions as second lieutenants: Mitchell Regland, James Lewis, Noble Van Burkleo, John Thompson, Herbert Saffold, Harry McKeenolds, Ralph DeLong, Clyde Bell, Otto Priore, John Gresham, Harry Grimes and Roland Billingsley. Two deport young men, Maurice Moore and a son of Dr. I. W. Teague, were also among the number.

The Lamar County Beekeepers association will have a field day meet Wednesday, August 22 at the old Mallico home place two miles south of Ambia. State Entomologist F. B. Padlock of Austin and T. W. Burlison, a prominent bee man of Machie, will be present, and dinner will be served on the ground.—Roxton News.

Dr. James R. Wright, a veterinary surgeon of Cooper, died at a hospital in Paris following an operation for appendicitis. The remains were taken back to Cooper for burial.

C. M. Stringham, a waiter on a Frisco dining car, was struck by an automobile at the northeast corner of the plaza late yesterday evening and was knocked down and skinned and bruised about the legs a little. Those who witnessed the accident exonerated the driver of the auto. Just after it backed and stopped a motorcycle ran into it from the rear with considerable force, but nobody was hurt.

Mother Recovers Child
Constable Neighbors went to Kensing Saturday with papers and got a 12-year-old girl by the name of Stella May Kahart, who made her home with Jap Simpson, and carried her to Paris where a habeas corpus petition asking for possession of the child was heard before Judge Dohoney. The mother of the child, Mrs. Ware, living near Antlers was asking for her custody. Mrs. Ware left the child in possession of a man in that community several years ago when her husband died and after his death the child was taken by Mr. Simpson to be reared by him.—Cooper Review.

Personal

Mrs. J. E. Woodfin left yesterday for Fort Worth to join her husband on a trip to Salt Lake City and Yellowstone Park.

Louis Good has returned from the Arizona Copper Queen mines, where he has been spending several weeks. He left his parents there.

W. H. Horton of Rugby was in Paris yesterday.

Sam Cheshir of Southwest Texas, who has been visiting his brother in Red River county, was in Paris yesterday on his way home.

J. M. Shelton and wife of Dallas, who have been spending the past week visiting their daughter, Mrs. C. B. Brooks, will return home today.

Sheriff Wilson of Antlers was in Paris yesterday on official business.

Miss Vera Stanley of Clarksville, who has been making a short visit to Mr. and Mrs. T. A. Marchbanks, returned home yesterday evening.

Mrs. G. W. Grant of Rugby and Mrs. Sam Grant of Deport passed through Paris yesterday on their way to Tioga Wells to spend a few weeks.

J. R. Justiss will go to Mt. Pleasant this week to visit a couple of sisters.

Robert Proctor, who is a member of the Sherman battery, came over yesterday to spend Sunday with his parents.

County Commissioner J. F. Wharton of Blossom returned yesterday from Houston, where he attended the convention of county judges and commissioners.

W. H. Dancer was in Paris last night from Boswell, Ok.

Mrs. Shirley Niveth of Muskogee is visiting her cousin, Mrs. L. J. Bankhead.

O. L. Gregory has returned from

Shoam Springs, where he visited his family.

Miss Ollie Nobles returned yesterday from spending a week in Dallas and Miss LaVern will return today.

J. N. Henry of Fulbright and W. J. Carroll of Albion, members of the commissioners' court of Red River county, were in Paris yesterday on the way home from attending a state convention in Houston. Mr. Henry was accompanied by his wife and they remained all night in Paris.

W. H. Hastings of Dallas is visiting his cousin, Geo. H. James, and family.

Carl Kimball, who has been employed as assistant cashier of the First State bank of Deport, left yesterday afternoon for Fort Sam Houston, San Antonio, to accept a clerical position in the ordnance corps.

Mr. and Mrs. J. F. Regan left yesterday for Montgomery, Ala., where he has been given a job in the government to work on a captionment. Mr. Blair, who was the contractor on the Paris federal building, secured the job for him.

Miss Merle Brazelton returned yesterday from Denton where she attended the summer school.

Miss Eugenia Reed is visiting friends at Emberson.

Frank Hall of Fort Worth, who has been visiting his brother, Justice of the Peace Jay Hall, returned home yesterday accompanied by his niece, Miss Wilma Hall, who will visit there a few weeks.

Charles McDonald returned yesterday from a trip to the Tulsa, Ok., oil fields.

Dr. M. C. Andrews left yesterday for Fort Worth and Mineral Wells to be gone several days.

Mr. and Mrs. J. Q. Griffin went to Sulphur, Ok., yesterday.

Miss Della Ashley is spending Sunday with her parents at Roston.

Mr. and Mrs. W. D. Latimer and children left yesterday to visit relatives at Daingerfield.

Miss Mildred Clendenin of Houston, who has been visiting Mrs. E. J. McDonald the past ten days, has returned to her home.

Mrs. C. D. McClure will leave tomorrow for Denver, Colo.

Mrs. P. W. Coffey and Miss Katherine Hancock have returned from a visit to Oklahoma City and Durant.

Miss Beuna white of McKenzie, Tenn., is visiting the family of her uncle, Walter White.

Miss Carrie Tonsager of Chicago, a student in the Moody Bible institute, is a guest of Walter White's family on North Main.

Miss Tommie Griffith left yesterday for Salt Lake City and will stop off at Colorado Springs and Denver.

Miss Florence Tillman of Cooper is visiting Mr. and Mrs. J. M. Hayes. P. J. Pierce has returned from Mineral Wells.

Felix Good, who has been visiting relatives here, will return to Little Rock today.

Willie Bettes has been visiting his mother and sisters and will leave today for Pine Bluff, Ark.

P. R. Swinney of Antlers, Ok., was in Paris last night.

Postmaster J. A. Kungie of Clarksville was in Paris last night.

J. D. Lattimore and R. L. Lattimore will go to Hot Springs today to spend a couple of weeks.

County Clerk Joe Kerbow of Cooper was in Paris last night.

Mrs. R. E. Humphries has returned from the eastern markets.

BOTH VOCIFEROUS AND VERY OBSTREPEROUS

Deputy Sheriffs O. V. McDonald and John Brown and Office Deputy C. O. Crook caught a Tartar last night about 8:30 o'clock in making an arrest on the charge of being drunk. The sheriff's office overlooks Houston street near the corner of Twenty-First and while the deputies were at the window they noticed a man trying to get a drunken companion to accompany him in order to get him off the streets. The drunk man accompanied him reluctantly for awhile and finally lay down on the grass. His friend losing patience went on and left him. The drunk man became so noisy and his language so bad that the officers decided to arrest him. When they went to where he was and took hold of him the noise he made could be heard a long way off. He was not only vociferous, but obstreperous, and it was no easy job to land him.

Emberson & Brown, Undertakers and funeral directors, Motor and horse-drawn ambulances and hearses. Agents for Summer Burial Association. At home, corner Clarksville and Rusk streets. Prompt attention to calls day or night. Phone 739F1 C. B. Webb, Mgr.

NOTICE

All persons who drive automobiles are hereby advised that since the receipt of advice from the Attorney General's office, I have determined to stop some of the reckless driving which has been prevalent over the city since the Highway law went into effect. I prefer not to make any arrests by the first day of August by which time I will have a copy of the law which enables us to enforce the provision of this law but if there are flagrant violations I will make arrests even before that time. This notice is given with the hope that those who have not equipped their cars as the state law provides will do so without further delay. The law will hereafter be strictly enforced and those who violate it will be required to pay the penalty.

Yours truly,
John Howerton, City Marshal.

First State Bank**A YOUTHFUL COUPLE
HIED AWAY TO OKLA.**

A citizen of Paris who was camped on the river at Arthur City Friday night stated that a runaway couple crossed the ferry a little after sunup headed for Oklahoma with the intention of getting married. The couple hired a man with a double buggy who lived in the neighborhood where the elopement occurred to carry them to Hugo. The owner of the rig told the ferryman that he stole the girl after midnight, and that she lived about eight miles northwest of Paris near Sumner. They had experienced a little difficulty in arousing the ferryman. When they left home they made no attempt to get a license at Paris, as they doubtless were satisfied it would be no use to try. Neither of them looked to be of age.

**A PARIS BOY IS WITH
PERSHING IN FRANCE**

Robert Lee Grant, a foster son of George Downing, who has lived here nearly all of his life, is probably the first and only Paris boy so far who has landed in France with Pershing's army. Mr. Downing has just received a letter from him in which he says France is a fine country. He appears to be in the best of spirits and writes that he is in good health and gets a plenty to eat "except tobacco." His mother was an orphan girl, who married a cousin of Mitch and John Grant of this city, and he came here from St. Louis when he was two years old. When his parents died George Downing took him to raise and he had lived with him until he enlisted in the army. He is not yet quite twenty-one years of age.

Famous**The New Draperies In
New Mid-Season Frocks**

New York, August 10.—Draped styles are undoubtedly having their day now. Actually, you come across them here, there and everywhere, and at all times of the day, too, for the reason that there is hardly a fabric which does not lend itself well to this becoming style, whether it is the cotton voile or gingham for country wear, the satin or taffeta for afternoon calls, to say nothing of the chiffon and Georgette frocks which are, above all, most charming for summer evening parties. Those light-

The Tie-On Waist with Draped Skirt
Makes a Modish Costume

weight wool frocks of serge and wool jersey which should always be on hand for cool days are not too heavy either to be draped; in fact, they are very successful in this style. And so, you can simply suit yourself as to the material you should use for your draped dress, for a draped dress you must have, unless you are willing to admit frankly that you are not in the swim of fashion.

The new draperies take many forms but the most popular is the kind illustrated here. Sometimes the material is draped about the hips, and at other times the drapery is placed very much lower. In skirts of this kind the width at the hem is narrower than usual so as to obtain the drawn-in appearance at the ankles. The width varies from about one and seven-eighths to two yards, making these skirts narrow enough to be smart yet not too scant for comfort in walking. There seems to be a tendency in most skirts toward the narrower effect at the hem, especially in the new tailored skirts.

The afternoon dress illustrated above is of black satin, the skirt showing the new side drapery, and the waist, the tie-on style which goes exceptionally well with this type of skirt. Surplice lines always have a certain fascination and the waist in this style is especially modish now. The crossed ends either extend into sashes which are tied at the back, or they are cut off at the back and buttoned in the center.

Dresses That Button at the Back We have had dresses where buttons, to act as fastenings, have been entirely dispensed with. These dresses we have been able to get into by slipping them on over the head, then adjusting the waistline by an elastic. Now, in direct contrast, comes the dress with a row of buttons down the back. One of these very smart frocks is shown in the second sketch. The buttons are covered with the cloth which makes the dress, in this instance, but on many serge

and gabardine dresses bone buttons are used. This frock of serge is embellished not only with its self-covered buttons, but with a braided trimming starting from the highest part of the drapery and proceeding downward to the hem, accentuating this new outline. Another important feature of this dress is its high collar. As to the front, the waist is rather plain with a fairly deep yoke. The skirt is draped with just the same effect as is shown in the back, and the narrow sash belt which crosses at the back is brought to the front and tied loosely.

And, Now, Some of the New Dresses
Button at the Back!

Some of the new sleeves are made with narrow inset sections at the back extending from just below the elbow to the wrist, others have a flaring cuff section slightly above the wrist, and there is still the perfectly plain, close-fitting lower part. In the sleeves with inset sections, contrasting material is introduced quite often with pleasing results. The inset section may be of contrasting silk or satin if the dress is of wool fabric. The checked or plaid and plain combination is also very good in either silks or woollens.

With long sleeves, higher collars are coming in. High collars with jabots of lace or net have been in vogue for some time, but the new high collars on dresses are not detachable as were those with the jabots. They are also of the dress fabric as is the case with the new sleeves. A very novel collar is made in crushed effect with ends crossing in front and buttoned to the dress, somewhat in muffler effect. These collars appear on cloth and silk dresses as well as on the new coats; another warning that we must soon begin to turn our thoughts to autumn styles.

Old reliable Peacemaker Flour is back on the market.

**Cattle relish the sweet odor of
wet Buckeye Hulls**

BUCKEYE HULLS, after being wetted down for ten or twelve hours, acquire a taste or odor similar to the succulent ensilage odor that cattle like so well. Simply feed

**BUCKEYE
HULLS**

properly and your stock will like them better than any other roughage. Once they are accustomed to them they will not be satisfied with anything else.

There is every reason why your cattle should Buckeye Hulls. They are all roughage; no lint, worthless as forage; no dirt, trash or dust.

Other Advantages

Buckeye Hulls cost much less per ton than old style hulls. They take less space in the barn. Buckeye Hulls allow better assimilation of other food. They are sacked—easy to handle. They mix well, when wet, with other forage.

Mr. L. R. Farmer, Louisville, Ga., says: "that he has used no other hulls but Buckeye for the past year and gets good results. Cows have not been bothered with cough since using Buckeye Hulls."

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to the nearest mill.

Society And Club Notes...

Maude Neville, Telephone 869

A very erroneous report has gained circulation, to the effect that notices of missionary and other church society meetings were unwelcome to this column. To the certain knowledge of its editor, such a statement is entirely groundless, and it is incomprehensible as to how the rumor found credence. There never yet has been expressed any unwillingness or aversion to publishing such; on the contrary, we are more than ready to print them, particularly if they arouse the enthusiasm or interest in the societies whose activities they chronicle. It is only requested that such notices be sent or given to the editor of this column, by the Friday before their publication.

Concerning Patriotism

Now is the time, as it has been stated before some several thousand time, more or less, for us to manifest our patriotism in every way possible. Which is a most noble and commendable thing, and one to be followed implicitly. Yet it does not mean that we should neglect other things in our patriotic fervor; just because we are rolling bandages is no excuse for forgetting to attend to the garbage pail properly; just because we are knitting for the Navy League is no reason for letting the tin cans out in the back yard fill up with water and breed mosquitoes; nor because we are busy getting acquainted with the Hoover directions for food-conservation, should we neglect that loose place in the back porch screen, that attracts so many flies. It's misdirected energy to be so bent upon other things, no matter what, that we

forget our duty to our families and our neighbors. Put just a little bit of that energy into the Civic League's clean-up campaign. Surely you have enough for patriotism, and for civic pride, too. Ask your neighbor to help: co-operation makes it so much easier, and an exchange of ideas is always a wonderful help.

A Word From the President

"The Red Cross needs at this time more than it ever needed before the comprehending support of the American people and all the facilities which could be placed at its disposal to perform its duties adequately and sufficiently.

I believe that the American people perhaps hardly yet realize the sacrifices and sufferings that are before them.

We thought the scale of our civil war was unprecedented, but in comparison with the struggle into which we have now entered, the Civil War seems almost insignificant in its proportions, and in its expenditures of treasure and of blood. And, therefore, it is a matter of the greatest importance that we should at the outset see to it that the American Red Cross is equipped and prepared for the things that lie before it.

It will be our instrument to do the work of alleviation and of mercy, which will attend this struggle."

—Woodrow Wilson.

From the National Geographic Magazine.

Master William Albert Shirley celebrated his fourth birthday with a lawn party at the home of Mr. and Mrs. W. A. Bills, from four to six Wednesday afternoon. About seventy-five small guests were present, who spent most of the time in playing various games. A white birthday cake, ornamented with candles in yellow rose-bud holders, was cut, Margaret Moore finding the dime; James Fitzpatrick the needle; Mary Potet, the button, and Minton Fisher, the thim-

ble. Ice cream cones were served with the cake. Tables on the lawn were decorated with jars of roses and verbenas. The host received a number of pretty gifts.

Personal

Mrs. Vincent DeWitt of Dallas returned home Thursday after a brief visit to Mr. and Mrs. L. V. DeWitt. Miss Julia Smith left Friday morning for a month's stay in New York.

John Underwood of Honey Grove was in town during the first of the week, as the guest of Mr. and Mrs. Hal Dailey, to attend the Honor Guard dance.

The Young Ladies' Missionary Society of the Lamar Avenue Methodist church met with Miss Aline Boyers Tuesday afternoon at four o'clock. Mrs. Beeckham led the devotional reading the 13th chapter, 1st Corinthians. The lesson on "Evangelization Through the Home Mission Schools" was conducted by Miss Laura Coleman, and made very interesting because of her thorough preparation. Miss Elizabeth Boyers told of the Ruth Hargrave School in Key West, Fla.; she stated that most of the native preachers of Cuba are educated in this school, and return to Cuba to preach the Gospel to their own people. She also told of the great work in the mountain schools of Kentucky and North Carolina, and the schools for the Japanese on the Pacific coast.

Miss Armistead told of the Virginia Johnson School in Dallas; the leader described the Laredo, and other, schools in Texas, for the Mexicans. After a lively discussion on these topics, the president, Miss Aline Boyers, took charge, and conducted a short business session. After the regular routine, the society voted to send clothing to one of the boys in the Waco orphanage.

—Reported.

"Teushun, Honor Guard!"

There is, in the constitution of the Girls' National Honor Guard, a clause reading thus:

"I solemnly pledge loyalty and good fellowship toward all members of the Girls' National Honor Guard regardless of their creed or station, and I will faithfully stand by each member, giving whatever aid and encouragement within my power in times of need."

There are very few girls, perhaps, who will realize what this means: there must be no slighting nor detrimental remarks nor innuendoes made concerning any member of the guard; one and all must be accorded the same treatment, at least while on active duty, or in any way serving the Honor Guard. Therefore, to do otherwise is in direct violation of one of the most vital promises given in the pledge, and should be punishable in some way so stringent as to stamp out such a wilful, pernicious factor.

The Honor Guard benefit dance was both a social and financial success, the latter proved by the meeting held the next afternoon, at which it was found that a substantial sum had been realized. Two subsequent meetings have been held this week, at which the telegraph, first aid, swimming and ambulance-driving classes were discussed. The first-named will receive instruction from the Commercial College and Western Union Telegraph company, the second, from Dr. McCuiston, and two other physicians to be selected by him; the swimming classes will probably have the use of Mr. Kendall's pool at Givens, and arrangements for the last-named will be taken up with some of the garage managers.

Some of the guard members have been decidedly lax in two particulars: the payment of dues, and the specification of which thing they promise "to do well." It would be a matter of the greatest assistance if the latter be mailed to the secretary or to Miss Aline Perry; this item is of the utmost importance to the organization.

It is also very urgently requested that all members attend every meeting, and that they be present on drill nights; during Mr. Whipkey's vacation, a capable substitute will be found, so that the regular drills will not be discontinued.

A much enjoyed porch dance was given Friday evening at the home of Mr. and Mrs. J. T. Rountree, on Graham street. About twenty couples were present, including a few out-of-town guests. Punch was served during the evening.

The Fifth Day Forty-Two Club met Thursday afternoon last with Mrs. Will Lattimore. Sunflowers were the decorations in the rooms where the tables were placed; an ice course was served after the games were over. The next meeting will be with Mrs. Joshua Brindley, on August 23rd.

W. J. Turner, the oldest son of Mr. and Mrs. J. C. Turner, and Miss

Something New to Show You At this Monday and Tuesday

Many new things have arrived at this store within the past week and we are anxious that you see them, so come and take a look Monday or Tuesday and we are sure that you will find something that is interesting and something that you will want to buy.

89c

NOTICE TO AUTOISTS

Until state numbers are obtained by auto owners the county number plate must be shown at all times, and must not be covered by a card stating that application has been made for a state number. The law is plain and will be enforced. I hope all interested will govern themselves accordingly.

Respectfully,
John Howerton,
City Marshal of Paris.

HELP RED CROSS

The Red Cross is willing to send materials and call for the finished garments when necessary, but it earnestly requests those who can possibly do so to send to the headquarters, or call in person, for materials which they are willing to make up and then send the garments back. This will save the ladies much time, which they can use for other work. If, however, this is too inconvenient, telephone the headquarters and service will be given.

Edison Artists Sing

In direct Comparison With The

New Edison

Let the talking machine dealer tell you why his particular talking machine is the best.

Then Ask Him These Questions

1. Has your talking machine ever been compared in public with the voices of artists who make records for it?
2. If so, where? Who are the artists? How many people heard the comparisons, and in what newspapers can I find a report of it?

Then Come To Us And
ASK THE SAME QUESTIONS ABOUT

The New Edison

"THE PHONOGRAPH WITH A SOUL"

Edison Artists have sung in direct comparison with the New Edison more than 500 times—in all the principal cities of the U. S. and Canada. More than 30 different artists have made this test and over 500,000 people have heard these tests. Music critics of 500 newspapers have admitted in the columns of their own papers that the New Edison re-creates the human voice with such perfection that it can not be distinguished from the original when both are heard in direct comparison.

Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(Copyright, 1917, Western Newspaper Union.)

LESSON FOR AUGUST 12

JOSIAH'S GOOD REIGN.

LESSON TEXT—II Chronicles 34:1-13.
GOLDEN TEXT—Remember now thy
Creator in the days of thy youth.—Eccles.
12:1.

The reign of Josiah is in striking and pleasing contrast with that of many of his predecessors, especially that of his father, Amon, and grandfather, Manasseh.

I. Time of Beginning (v. 1). He ascended the throne when only eight years of age. At this tender age he evidently had a sense of the import of the service of God's house. This sense must have been strong to enable him to withstand the corrupt influences of his surroundings. The prevailing idolatry influenced this boy, but influenced him in the opposite way in which boys are usually influenced. It aroused his hatred for it. This serves to demonstrate the fact that circumstances do not necessarily determine the direction a life may go. Each individual has the ability to determine the course of his life; and moreover, his responsibility so to do. It is a most perilous thing to be thrust into such a prominent position while so young. However, sometimes such responsibility has a sobering effect, calling forth one's latent powers. That his aspiration for God and the right was genuine is proven by the fact that he persisted therein for thirty-one years.

II. The Character of His Reign (v. 2). "He did that which was right in the sight of the Lord, and walked in the ways of David his father, and declined neither to the right hand nor to the left." He not only maintained outward order and decorum as to the worship of God, but doubtless at heart desired to please God.

III. Josiah's Reformation in the Kingdom (vv. 3-7). He first set out to root out idolatry from the land. This was a prodigious task, requiring great courage and skill. He did this with a strong hand. Without pity he swept out from the land these abominations. In the execution of this task he—

1. Broke down the altars of Baalim (v. 4). This form of idolatry was first brought into the land by Jezebel when she married Ahab. The images seem to have been such as would appeal to the sensual nature of men; therefore it was but natural that the grossest licentious practices should be associated with this worship.

2. He broke in pieces the groves, carved images, and molten images (v. 4). He even made dust of them and strewed it upon the graves of those who had been offering unto them.

3. He burned the bones of the priests on their altars (v. 5). He not only showed no pity for them, but he manifested a decided fierceness in the execution of his task.

4. He extended this destruction to certain districts in the northern kingdom. It was not until all this was done that he returned to Jerusalem (vv. 6, 7). His reformation thus began at home, but was extended to the widest extent of his kingdom.

IV. Josiah Repaired the Temple (vv. 8-13). Having rid the land of its idolatry, he set himself to the repairing of the temple which had been so long neglected. This neglect, coupled with gross abuses at times, made it to be sadly in need of attention.

1. His deputies (v. 8). This work he intrusted to a committee of three—Shaphan, the royal secretary (II Kings 22:3); Masselah, mayor of Jerusalem; and Joah, the recorder, the historian of the nation. In the matter of ridding the city and country of idolatry Josiah took the lead in person, but now the work had gone far enough forward that he could work by deputy. He chose his deputies from among "laymen" instead of the priests.

2. Method of procedure (vv. 9-13). (a) Collection of money (v. 9). It would seem that for some time collection of money for temple repairs had been going on. Perhaps it was begun in connection with the destruction of idolatry some six years before. The agents in this work were the Levites. They collected it from all over the kingdom, even giving the remnant of Israel an opportunity for fellowship in this matter. This shows us that religious interests of the people should be sustained by all the people adhering thereto.

(b) Money placed into the treasury (v. 9). Hilkiah, the high priest, was the treasurer. From this treasury the overseers drew the money and paid it to the workmen who repaired the temple.

(c) The overseers (v. 12). Among the overseers were certain skilled musicians. The duty of these overseers was to exercise supervision over the carpenters, builders, and other artisans, and the helpers of all classes. The musicians, by skillful music, incited the workman to diligence and activity, thus lightening the burdens of their toil. Music in the soul while working bears a very vital relationship to the work itself.

3. The character of the work (v. 12). They did the work faithfully. This is a fine thing to be said of a set of workmen.

NEW BLOUSES \$1.98

EXEMPTION CLAIMS TO BE CLOSELY LOOKED INTO

The county attorney's office received a letter from the governor and adjutant general's office requesting that the county attorney's department represent the government in appealed cases from the local exemption boards to the district board where it is necessary under the regulations or desirable in order that the best interests of the nation may be served in the cases where it appears that the person registering is abusing the exemption privilege in making claims for exemption.

The county attorney and his assistants are authorized to administer the oath necessary in connection with the enforcement of the selective service law and to take affidavits of persons who appear for the purpose of giving information upon which appeals in the name of the government may be taken. A lot of exemption claims are said to be ill founded and are prejudicing the rights of those who have good reasons for claiming exemption. The ill founded claims will be carefully ferreted out and investigated.

Sanitary Fines

Those who have neglected to pay their Sanitary Bills for Third Quarter, July 1st, will be prosecuted and have to pay Bill, Fine and Costs. Complaints are now being made.

Have you paid yours?

John Howerton, City Marshal.

Farm For Sale

The Lamar Cotton Oil Co.

(NEW OIL MILL)

ADVISES THE FOLLOWING

Daily Ration for Horses At Work

Amount Per 1000 Pounds Live Weight
Measure may be pounds, tons or bushels.

RATION NO. 1.

10 measures oats, or
8 measures shelled corn with
1 measure Cotton Seed Meal.
Give 3 quarts to 1 gallon at
a feed.

RATION NO. 2.

1 measure Cotton Seed Meal
- with
4 measures corn and
5 measures oats.
Give 3 quarts to 1 gallon at
a feed.

RATION NO. 3.

Mix 3 measures Cotton Seed
Hulls with
1 measure Cotton Seed Meal
When well mixed combine
2 measures Meal and Hulls
3 measures oats
3 measures corn
Give 1 1/2 to 2 gallons at feed

RATION NO. 4

5 measures Cotton Seed Meal
8 measures molasses
16 measures rice bran
5 pounds or 1 1/4 gallons at
a feed.

With any of these rations, feed roughness: prairie hay, wheat or oat straw, about 12 pounds at a feed.

Remember, Cotton Seed Meal is rich in Protein and not as much is necessary at a feed as is necessary to get the same feed element when corn or oats alone are used.

If at first the horse does not take to the Cotton Seed feed, he will come around to it, will relish it and will prove the feed is excellent.

We have just received a shipment of the latest in **Ladies' Ready-to-Wear and Millinery** and have arranged them for your inspection in our windows. To really know always what is the very latest watch us.
